For All Children

Uganda Joining Forces Coalition Strategy 2024 - 2026

Map Showing Districts Covered by Interventions of Joining Forces Coalition Members.

Background

Despite remarkable progress for children in many countries and areas, their rights are regularly challenged. Since 2018, Joining Forces partners; Child Fund Coalition; Plan International; Save the Children International; SOS Children's Villages International; Terre des Hommes International Federation; and World Vision International plus War Child Alliance in Uganda have joined forces to use their collective power to accelerate change for children.

VAC is on the rise and traditional responses are not having the impact needed. Yet it carries an enormous cost to Ugandan society and is impacting on Uganda's ability to achieve global SDGs 3, 4, 8 and 16 and the Uganda NDP Human Capital Development Program outcomes on education, health and social development.

The aim of global Joining Forces Coalition is to substantially reduce VAC by 2030 through joint programming, research, and advocacy. The overall goal of the Uganda strategy is to contribute to strengthening of prevention and response systems that protect children from violence in Uganda.

Where

Joining Forces Coalition has a collective footprint in 95 of the 135 (70%) of Ugandan Districts. We can combine delivery capacity across most of Ugandan community to scale up child protection interventions including strategic programs as well as national campaigns and advocacy.

How

Using our collective advocacy and influencing voice to provide sufficient weight of action to influence policymakers and implementors.

Building from the many voices and actions of children themselves by actively empowering and utilizing participation platforms throughout implementation.

Contributing to industry wide evidence and knowledge base on child protection, the national child wellbeing MIS will avail data and information to inform advocacy.

Leveraging shared and individual experiences by sharing learning with each other and the wider community.

Working with the leadership of the Ministry of Gender Labour and Social Development as the pivotal institution for child protection in the country while partnering closely with other relevant Government offices and partners at national and local level.

Enhancing the capacity of the key social workforce relevant to child protection

Ensuring effective oversight by the Coalition Steering Committee of Country Directors and implementation support of the Technical Working Group of Advocacy and Child Protection technical leads from the 7 Coalition members.
